

Fantastic Face Painting

Have fun creating your own face painting design.

What would you create: a bird, an animal, swirls, patterns, a landscape?

It's completely up to you. You're in charge.

Design A Temporary Tattoo

At York Army Museum you can see an exhibition of military tattoos. Many soldiers choose to have tattoos which remind them of places they have been or people and things they want to remember.

Create your own temporary tattoo design. You can draw, doodle and colour your design onto the hand and arm template. Are there other materials in the bag that could be used?
